

Advertisement for the post of Chief Executive Officer, AI Engineering Services Limited [AIESL] (Formerly known as Air India Engineering Services Limited)

AI Engineering Services Limited [AIESL] is a fully owned subsidiary of AI Asset Holding Limited and is a Public Sector Undertaking of Government of India. AIESL is the largest Aircraft Maintenance, Repair and Overhaul Organization [MRO] in the aviation industry of India. It is a DGCA approved MRO having its registered office in New Delhi and is undertaking MRO activities at all major Airports in India and abroad. AIESL manages and maintains Airbus, Boeing & ATR's fleet with highest degree of the Technical Dispatch Reliability, with its major hangars and bases located at all the major metros.

The company has state of the art capabilities for Overhaul and Maintenance of aircraft and its components. AIESL, being the subsidiary of erstwhile Air India Limited, continues to provide maintenance services to its prime customer Air India (now a private business entity). However, as an independent MRO, AIESL has embarked on business growth strategy through extensive marketing and brand building for capturing MRO service requirements of other aviation operators. AIESL employs around 5000 skilled workers including Aircraft Maintenance Engineers and Aircraft Technicians. The CEO is a part of the top management.

Applications are invited from eligible candidates to fill up the post of Chief Executive Officer, AIESL. Once selected, the person will be on contract for a period of three years, extendable by two years based on performance. The tenure can be extended or curtailed as per the maintenance of efficiency and requirement of the Company.
